

Serial No.: 10/666,970
Art Unit: 2113

AMENDMENTS TO THE SPECIFICATION:

Replace the paragraph at page 7, beginning at line 26, with the following amended paragraph:

In both of these cases the new microcode may be available for download via the internet (e.g., the world wide web) 20/220, or may be sent from the manufacturers server 10/210 directly to the software agent 50/150 (and to each software agent of the field population of disk drives). In this way, the predictive failure analysis algorithms of each disk drive in the field may be continually improved rather than being fixed from the date of manufacture.
